EVA & LEON

a film by EMILIE CHERPITEL

SYNOPSIS

35 year old Eva is unpredictable, charmingly immature and has no children. Leon is 10, he's got the seriousness and reasoning of an adult and has no parents. Eva is bored in her privileged life as well as in her love life. Leon has just run away from his reception center to try to find his mother. They weren't meant to meet but yet will spend five unforgettable days together. He will teach her to grow up, and her, to become a child again.

Eva a trente-cinq ans, elle est fantasque, délicieusement immature et n'a pas d'enfant. Léon a dix ans, la gravité et les raisonnements d'un adulte et n'a pas de parent. Elle s'ennuie dans sa vie de privilégiée comme dans sa relation amoureuse. Il vient de s'échapper de son foyer pour retrouver sa mère. Ils ne se connaissent pas mais vont passer ensemble cinq jours inoubliables. Il va lui apprendre à grandir, elle, à redevenir un enfant.
